

JUNIOR GOLF PROGRAM 2017

OBJECTIVES: In developing the goals for the Junior Golf Program at Sunnyside Golf and Country Club, one must appreciate the educational potential that exists in the game of golf. Golf, like all sports, provides many opportunities for the development (social, physical, emotional and mental) of the junior. Our goal for the junior program is to offer multiple positive learning experiences for your junior golfer.

Sunnyside Golf and Country Club Junior Golf Program Should:

1. Be fun and enjoyable. Kids should learn to play golf because they find pleasure in it and because they want to play.
2. Help juniors learn to play the game to the best of their ability
3. Teach golf skills, rules, etiquette, and basic strategy. Juniors will be encouraged to practice and play.
4. Contribute to the personal development of each junior. Juniors should learn social skills, emotional control, and other positive character values.
